ABOUT OUR BUILDINGS AND WARRANTIES

- ◆ Our poles are pressure treated .60 - 6 X 6 Southern Yellow Pine or Laminated Columns which are buried 5 feet deep. Poles and Columns are backed by a 60 year warranty. They are placed no more than 8 feet on center on sidewalls, and a maximum of 9 feet on center on gable ends.
- ◆ A treated 2 X 10 Southern Yellow Pine bottom board is standard.
- ◆ 2 X 4 wall girts are #2 and better premium SPF 24" on center standard.
- ◆ Our trusses are no more than 8 foot on center. Lifetime snow load warranty.
- ◆ 2 X 4 1650 MSR or premium SPF roof board maximum of 21" on center on edge for strength.
- ◆ Our pole buildings are built with Wheeling Channeledrain 2000. 28 Gauge is a heavier, tougher panel. With a minimum 100,000+ psi. Coated with G-90 galvanized coating. Backed by a 40-year paint warranty.
- ◆ 10 Year Leak and Workmanship Warranty.
